Michal Tvaroh

01 Profile

I am a goal-driven student who enjoys learning new things and is not afraid of any challenge. I look for places and positions that help me grow. I am an extrovert – communicating with people comes naturally to me, yet I am equally comfortable working independently and responsibly. Reliability comes first for me, and I expect it from both sides.

02 Experience

01 Front-end developer · Foxconn

DEVELOPMENT

Web front-end development within the Software Delivery team.

02 Data analysis · KInIT

RESEARCH

Automated auditing of social media recommender algorithms (AI-Auditology project) – data collection and analysis in Python. Awarded 2nd place at SOČ 2026, the Czech national student research competition.

PYTHON

PANDAS

MATPLOTLIB

03 Custom website development

FREELANCE

Design and development of bespoke websites – e.g. NaJedničku (online tutoring) or Paseka (restaurant and guesthouse in the Šumava mountains).

REACT

TYPESCRIPT

NODE.JS

04 Online store & database management · Macenauer Otřešany

E-COMMERCE
